

**Enrollment Contract Amendment Instructions
for the Open Enrollment Period for
Fiscal Year 2019 Attendant Compensation Rate Enhancement
(July 1, 2018 to July 31, 2018)**

In response to direction from the 81st Texas Legislature, the Health and Human Services Commission (HHSC) Rate Analysis adopted rules at Title 1, Texas Administrative Code (TAC) §355.112 to establish procedures for providers of programs for persons with intellectual or developmental disabilities (IDD) to obtain additional funds for increased attendant wages, benefits/insurance, and mileage reimbursement. As per these rules, IDD program providers who choose to participate in the attendant compensation rate enhancement and receive additional funds must demonstrate compliance with enhanced spending requirements. For providers who choose not to participate in the enhancement program, the attendant compensation rate component will remain constant over time, except for adjustments necessitated by increases in the federal minimum wage.

GENERAL ENROLLMENT INSTRUCTIONS

All providers contracted to former DADS for eligible services received an Enrollment Notification notification or an Enrollment Limitation notification. Both notifications are available on this website listed below for your reference:

<http://legacy-hhsc.hhsc.state.tx.us/rad/long-term-svcs/index.shtml>

This website is an important tool during Open Enrollment. All forms, worksheets and instructions are accessed from the website by clicking on your program from the website above under the "Services" heading. Next, scroll to the heading "Rate Enhancement – Attendant Compensation." Click on the link "View 2019 Rate Enhancement – Attendant Compensation information." All instructions below regarding the location of specific materials for Open Enrollment begin with the assumption that you are on this page for your program (hereafter referred to as "Rate Enhancement webpage for your program").

- The deadline for all materials to request changes in enrollment status are due to be received by HHSC Rate Analysis **by July 31, 2018, at 5:00 p.m.** Faxes or e-mails will not be accepted.
- **The highest enhancement level that any contract may request is Level 35.**
- Levels are awarded within available funds, and it is possible that a provider will not be awarded the level it requests due to limited funding for the enhancement program.

According to 1 TAC §355.112(u), no provider will be enrolled in the attendant compensation rate enhancement at a level higher than it achieved on its most recently available, audited report functioning as an Attendant Compensation Report (2015 report). As a result, all providers fall into one of two categories during Open Enrollment based on whether they received an Enrollment Limitation notification: Category 1 (Providers who received a limitation notification) or Category 2 (Providers who did not receive a limitation notification). Category 2 providers received an Open Enrollment Notification notification.

ENROLLMENT CATEGORIES

Category 1: Providers that received an “Enrollment Limitation” notification. These providers are limited during this Open Enrollment to requesting no higher than the level they achieved on their 2016 report. The notification and a list of providers receiving this notification is available on the Rate Enhancement webpage for your program by locating and opening the “Contracts Receiving 2019 Enrollment Limitation Notification” element. If the 2016 report does not represent its current attendant compensation levels, a provider may request a revision of its enrollment limitation. Details on submitting a Request for Revision (RFR) are included in the Limitation Notification and the RFR instructions on the Rate Enhancement webpage for your program.

Category 2: All other providers. Providers who did not receive a limitation notification were sent an Open Enrollment Notification notification and do not appear on the limitation list discussed above. These providers may submit an Enrollment Contract Amendment (ECA) to request to participate or to increase their level of participation in the Attendant Compensation Rate Enhancement. Both the Open Enrollment Notification notification and the ECA are provided on the Rate Enhancement webpage for your program.

ENROLLMENT LIMITATIONS FOR PROVIDERS IN CATEGORY 1

Providers in Category 1 are subject to the following enrollment limitations.

1. These providers will not be enrolled in the attendant compensation rate enhancement at a level higher than the level they achieved on their fiscal year 2016 report.
2. The only exception to this limitation is for providers that submit an acceptable Request for Revision Report (RFR) that shows they are currently spending above the level indicated by their fiscal year 2016 report.

WHO SUBMITS WHAT

1. Only providers in Category 1 may submit a RFR.
2. Only providers in Category 2 may submit an ECA. Providers in Category 2 that do not submit an acceptable ECA will remain at their current level of enrollment for fiscal year 2019. **Category 1 providers can find enrollment Limitation Groups on the Rate Enhancement webpage for your program by clicking on the "Contracts Receiving 2019 Enrollment Limitation Notification" element.**

ENROLLMENT CONTRACT AMENDMENT (ECA)

The open enrollment for payment rates effective September 1, 2018 begins **July 1, 2018, and ends July 31, 2018**. To enroll, contracted providers must properly complete the ECA online. **Any provider whose properly completed ECA is not received by HHSC Rate Analysis by 5:00 p.m. on July 31, 2018, will continue at the Level of Participation in effect during the open enrollment period, within available funds (unless the provider was subject to an Enrollment Limitation as described above). This continued enrollment provision is called "roll-over" enrollment.** If you are unsure of your current Level of Participation, you may look it up on our website.

A properly completed ECA must:

1. Have a checkmark in either the "yes, this facility chooses to enroll" or the "No, this facility chooses not to enroll" box;
2. Verify the fiscal year end for the entity. If incorrect, call (512) 490-3193 to have the information verified and corrected;
3. Reflect the correct 9-digit contract number for the provider.

In addition, providers checking the "Yes" box must indicate their chosen **Level number** from 1 to 25 in the "Level" box. Please note that Level 0 is not an option.

HHSC Rate Analysis must receive the ECA submitted through the HHSC RAD website no later than 5:00 p.m. on July 31, 2018. Requests that are not received by this deadline will not be accepted.

If you have questions concerning the ECA or Open Enrollment, you may contact the Customer Information Center at 512-424-6637 or RAD-LTSS@hhsc.state.tx.us.

If you have questions regarding the receipt of your ECA, you may contact the Rate Analysis Department at rateanalysisdept@hhsc.state.tx.us or (512) 490-3193.

AWARDED LEVELS

After September 16, 2018, HHSC Rate Analysis will post a list of contracted providers on its Attendant Compensation Rate Enhancement website for all Community Care programs and their enrollment status (i.e., participant and associated level or nonparticipant) to be effective September 1, 2018. This "Participation Status – Levels Awarded" list on the Rate Enhancement webpage for your program will be the only notification of enrollment status provided by HHSC.
